| Alternative Catalog Number | AMO-M55356-100MG,AMO-M55356-250MG,AMO-M55356-500MG                                                      |
| Manufacturer               | Abmole Bioscience                                                                                       |
| Category                   | Biochemikalien                                                                                          |
| Product Description        | Bis-PEG2-acid (COOH-PEG1-COOH) is a PEG-based PROTAC linker can be used in the synthesis of PROTACs.... |
| Molecular Weight           | 206.19                                                                                                  |
| Purity                     | 98.0%                                                                                                   |
| CAS Number                 | [19364-66-0]                                                                                            |
| Formula                    | C8H14O6                                                                                                 |
| Target                     | PROTAC Linker                                                                                           |
