| Manufacturer               | Abmole Bioscience                                                                                         |
| Category                   | Biochemikalien                                                                                            |
| Product Description        | PF-04418948 is a novel, potent and selective prostaglandin EP2 receptor antagonist with IC50 of 16 nM.... |
| Molecular Weight           | 409.41                                                                                                    |
| Purity                     | 99.67%                                                                                                    |
| CAS Number                 | [1078166-57-0]                                                                                            |
| Formula                    | C23H20FNO5                                                                                                |
| Target                     | Prostaglandin Receptor                                                                                    |
