Product Datasheet

Metarhizium Anisopliae 20B CFU/g CRM-BIO-006

Article Name	Metarhizium Anisopliae 20B CFU/g
Biozol Catalog Number	CRM-BIO-006
Supplier Catalog Number	BIO-006
Alternative Catalog Number	CRM-BIO-006-1
Manufacturer	Creative BioMart
Category	Sonstiges
Application Notes	<p>Gibberillic acids (GA) are important plant growth hormones that promote plant cell growth and elongation. Gibberellins promote rapid stem and root growth, induce mitotic division and initiate (break dormancy) and increase seed germination rates. The gibberellins are also involved in processes such as gravitropism, tensioning and floral display. Gibberellin A3 and A4 may be used as supplements to plant growth media such as Murashige and Skoog media. The specific actions of A3 and A4 or combinations of Gibberellins should be determined in specific plant applications.</p>
