| Manufacturer               | Biotium                                                                                                                                                                                                      |
| Host                       | Mouse                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                   |
| Application                | Exosome Staining, FC                                                                                                                                                                                         |
| Species Reactivity         | Bovine, Canine, Equine, Human, Primate, Rabbit, Sheep                                                                                                                                                        |
| Conjugation                | ExoBrite(TM) APC                                                                                                                                                                                             |
| Product Description        | ExoBrite(TM) APC CD9 Flow Antibody is optimized for detection of the exosome marker CD9 in isolated exosomes by flow cytometry. Recommended for instruments optimized for small particle flow. 100 tests.... |
| Molecular Weight           | 24 kDa                                                                                                                                                                                                       |
| UniProt                    | <a href="#">P21926</a>                                                                                                                                                                                       |
| Buffer                     | Proprietary buffer containing 0.05% sodium azide                                                                                                                                                             |
| Source                     | Animal                                                                                                                                                                                                       |
| Application Notes          | Recommended concentration for flow cytometry: 5 uL per 0.1 mL exosomes                                                                                                                                       |
