| Conjugation                | ExoBrite(TM) 640/660                                                                                                                                                                                                                                      |
| Product Description        | ExoBrite(TM) 640/660 CD63 Flow Antibody is optimized for detection of the exosome marker CD63 in isolated exosomes by flow cytometry. The conjugate has Ex/Em at 640/660 nm. Recommended for instruments optimized for small particle flow. 100 tests.... |
| Molecular Weight           | 26 kDa (core protein), 30-60 kDa (glycosylated)                                                                                                                                                                                                           |
| UniProt                    | <a href="#">P08962</a>                                                                                                                                                                                                                                    |
| Buffer                     | Proprietary buffer containing 0.05% sodium azide                                                                                                                                                                                                          |
| Source                     | Animal                                                                                                                                                                                                                                                    |
| Application Notes          | Recommended concentration for flow cytometry: 5 uL per 0.1 mL exosomes                                                                                                                                                                                    |
