## Product Datasheet

### **InVivoMAb anti-mouse CD3epsilon F(ab)2 fragment, IgG1, Clone: [145-2C11 fab2 Fragments], Hamster, Monoclonal BXC-BE0001-1FAB-INDUSTRIAL**

|                            |                                                                                                              |

| Article Name               | InVivoMAb anti-mouse CD3epsilon F(ab)2 fragment, IgG1, Clone: [145-2C11 fab2 Fragments], Hamster, Monoclonal |
| Biozol Catalog Number      | BXC-BE0001-1FAB-INDUSTRIAL                                                                                   |
| Supplier Catalog Number    | BE0001-1FAB                                                                                                  |
| Alternative Catalog Number | BXC-BE0001-1FAB-10MG,BXC-BE0001-1FAB-5MG,BXC-BE0001-1FAB-25MG,BXC-BE0001-1FAB-50MG                           |
| Manufacturer               | Bio X Cell                                                                                                   |
| Host                       | Hamster                                                                                                      |
| Category                   | Antikörper                                                                                                   |
| Species Reactivity         | Mouse                                                                                                        |
| Immunogen                  | Mouse BM10-37 cytotoxic T cells                                                                              |
| Clonality                  | Monoclonal                                                                                                   |
| Concentration              | Lot specific,typically between 4-11 mg/ml                                                                    |
| Clone Designation          | [145-2C11 fab2 Fragments]                                                                                    |
| Isotype                    | IgG1                                                                                                         |
| Pubmed                     | <a href=https://pubmed.ncbi.nlm.nih.gov/25772283 target=_blank rel=nofollow>25772283                         |
| Purity                     | 95% , Determined by SDS-PAGE                                                                                 |
| Formula                    | PBS, pH 7.0, Contains no stabilizers or preservatives                                                        |

|                   |                          |
|-------------------|--------------------------|
| Target            | CD3epsilon F             |
| Application Notes | in vivo T cell depletion |
