## Product Datasheet

### RecombiMAb anti-mouse GITR (LALA-PG), Clone: [DTA-1-CP029], Mouse, Recombinant BXC-CP029-INDUSTRIAL

|                            |                                                                                                |
|----------------------------|------------------------------------------------------------------------------------------------|
| Article Name               | RecombiMAb anti-mouse GITR (LALA-PG), Clone: [DTA-1-CP029], Mouse, Recombinant                 |
| Biozol Catalog Number      | BXC-CP029-INDUSTRIAL                                                                           |
| Supplier Catalog Number    | CP029                                                                                          |
| Alternative Catalog Number | BXC-CP029-1MG,BXC-CP029-5MG,BXC-CP029-25MG                                                     |
| Manufacturer               | Bio X Cell                                                                                     |
| Host                       | Mouse                                                                                          |
| Category                   | Antikörper                                                                                     |
| Species Reactivity         | Mouse                                                                                          |
| Immunogen                  | Mouse CD25+ CD4+ T cells                                                                       |
| Clonality                  | Recombinant                                                                                    |
| Concentration              | Lot specific,typically between 4-11 mg/ml                                                      |
| Clone Designation          | [DTA-1-CP029]                                                                                  |
| Molecular Weight           | 150 kDa                                                                                        |
| Pubmed                     | <a href="https://pubmed.ncbi.nlm.nih.gov/15187106" rel="nofollow" target="_blank">15187106</a> |
| Purity                     | 95% , Determined by SDS-PAGE                                                                   |
| Formula                    | PBS, pH 7.0, Contains no stabilizers or preservatives                                          |

|                   |                                                                                                                                                                                                                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target            | GITR                                                                                                                                                                                                                                                                                                           |
| Application Notes | Flow cytometry, Western Blot, Immunoprecipitation*, in vitro T cell stimulation, proliferation and signaling, in vivo GITR stimulation, in vivo antitumor immunity, *Reported for the original rat IgG2b DTA-1 antibody. For information on in vivo applications, please contact technicalservice bioxcell.com |
