| Species Reactivity         | Rabbit                                                                                                                                                                |
| Conjugation                | Unconjugated                                                                                                                                                          |
| Product Description        | Constant region of immunoglobulin heavy chains. Immunoglobulins, also known as antibodies, are membrane-bound or secreted glycoproteins produced by B lymphocytes.... |
| Clonality                  | Monoclonal                                                                                                                                                            |
| Molecular Weight           | Calculated MW: 55 kDa, Observed MW: 55 kDa                                                                                                                            |
| Buffer                     | Purified antibody in PBS with 0.05% sodium azide,0.5%BSA and 50% glycerol.                                                                                            |
| Purity                     | Affinity Purification                                                                                                                                                 |
| Form                       | Liquid                                                                                                                                                                |

|                    |                 |
