| Category                   | Kits/Assays                                                                                                       |
| Species Reactivity         | Human                                                                                                             |
| Product Description        | Multiplex ELISA array detects 5 human gastric cancer biomarker proteins. Suitable for all liquid sample types.... |
| Samples                    | Cell Culture Supernatants, Plasma, Serum, Tissue Lysates, Other Body Fluids, Cell Lysates                         |
| Target                     | CA19-9, CA72-4, CEA (CEACAM5), Pepsinogen 1 (PGA3), Pepsinogen 2 (PGC), CEACAM-5                                  |
