| Category                   | Biochemikalien                                                                                                               |
| Product Description        | 2-(2-Chloroethyl-d4)-1H-isoindole-1,3-dione is the deuterium labeled 2-(2-Chloroethyl)isoindoline-1,3-dione (HY-W014424).... |
| Molecular Weight           | 213.65                                                                                                                       |
| CAS Number                 | [1252995-10-0]                                                                                                               |
| Formula                    | C10H4D4ClNO2                                                                                                                 |
| Target                     | Isotope-Labeled Compounds                                                                                                    |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                                                  |
