| Category                   | Molekularbiologie                                                                                                                                                                                                                                             |
| Product Description        | Detect diacylglycerol (DAG) signaling kinetics in living cells with this red fluorescent DAG assay kit. The genetically encoded Red Downward DAG biosensor decreases in fluorescence as intracellular DAG levels rise, enabling real-time monitoring of DA... |
