Product Datasheet

Saccharomyces cerevisiae 20B CFU/g CRM-PGPR-0025BF

Article Name	Saccharomyces cerevisiae 20B CFU/g
Biozol Catalog Number	CRM-PGPR-0025BF
Supplier Catalog Number	PGPR-0025BF
Alternative Catalog Number	CRM-PGPR-0025BF-1, CRM-PGPR-0025BF-25
Manufacturer	Creative BioMart
Category	Sonstiges
Application Notes	1. Saccharomyces cerevisiae can help plants absorb more nutrients and meet the needs of various amino acids, sugars, vitamins and trace elements required for growth and development, so as to enhance the disease resistance of plants and promote the ecological balance of soil. 2. Enzymes and growth factors in Saccharomyces cerevisiae can promote root growth of plants, increase the number and activity of root hairs, improve soil environment and structure, and improve soil water capacity. 3. Saccharomyces cerevisiae also has certain adsorption and aggregation, which can help plants absorb nutrients, promote growth, improve the efficiency of photosynthesis, and improve crop yield and quality.
