| Article Name               | Active Recombinant Rhesus TNFRSF9 Protein, His-tagged, Human                                          |
| Biozol Catalog Number      | CRM-TNFRSF9-550R                                                                                      |
| Supplier Catalog Number    | TNFRSF9-550R                                                                                          |
| Alternative Catalog Number | CRM-TNFRSF9-550R-20                                                                                   |
| Manufacturer               | Creative BioMart                                                                                      |
| Host                       | Human                                                                                                 |
| Category                   | Proteine/Peptide                                                                                      |
| Molecular Weight           | The recombinant rhesus TNFRSF9 consists of 174 amino acids and predicts a molecular mass of 18.7 kDa. |
| Tag                        | His                                                                                                   |
| Source                     | Rhesus macaque                                                                                        |
| Purity                     | > (40.7+53.4) % as determined by SDS-PAGE.                                                            |
| Application Notes          | For Research Use Only. Not intended for any clinical use.                                             |
