| Category                   | Biochemikalien                                                                                                                                                                                                                                                |
| Product Description        | ATP-Red 1 is a multisite-binding switchable fluorescent probe, and it can selectively and rapidly responds to intracellular concentrations of ATP in living cells. Live-cell imaging indicated that ATP-Red 1 mainly localized to mitochondria with good b... |
| Molecular Weight           | 561.48                                                                                                                                                                                                                                                        |
| Purity                     | 98.0%                                                                                                                                                                                                                                                         |
