| Product Description        | Cadherin9 (CDH9) is a member of the larger Cadherin superfamily of cell surface glycoproteins originally identified as proteins mediating cellcell adhesion. Cadherins are a large family of cell -cell adhesion molecules involved in intercellular adhes... |
| Molecular Weight           | 64.5 kDa                                                                                                                                                                                                                                                      |
| Tag                        | C-10*His                                                                                                                                                                                                                                                      |
