## Product Datasheet

### Mouse TLR3 / CD283 Protein, Fc Tag (MALS verified), Unconjugated, Human ABS-TL3-M5255-1MG

|                            |                                                                                                                                                                                                                                                               |

| Product Description        | Tolllike receptor 3 (TLR3) is also known as CD283, which belongs to the Tolllike receptor family which plays a fundamental role in pathogen recognition and activation of innate immunity. TLRs (Tolllike receptors) control host immune response against ... |
| Molecular Weight           | 103.7 kDa                                                                                                                                                                                                                                                     |
| Tag                        | C-Fc                                                                                                                                                                                                                                                          |
