| Product Description        | Tumor necrosis factor receptor superfamily member 21 (TNFRSF21) is also known as death receptor 6 (DR6), which is a member of the TNFreceptor superfamily. TNFRSF21 contains one death domain and four TNFRS21 repeats. TNFRSF21 / DR6 has been shown to a... |
| Molecular Weight           | 60.2 kDa                                                                                                                                                                                                                                                      |
