| Article Name               | Goat Anti-Human kappa light chain antibody, pre-adsorbed (FITC), Polyclonal                                                                    |
| Biozol Catalog Number      | GTX04130-06                                                                                                                                    |
| Supplier Catalog Number    | GTX04130-06                                                                                                                                    |
| Alternative Catalog Number | GTX04130-06-1                                                                                                                                  |
| Manufacturer               | GeneTex                                                                                                                                        |
| Host                       | Goat                                                                                                                                           |
| Category                   | Antikörper                                                                                                                                     |
| Application                | ELISA, FC                                                                                                                                      |
| Species Reactivity         | Human                                                                                                                                          |
| Immunogen                  | Pooled antisera from goats hyperimmunized with human kappa light chains                                                                        |
| Conjugation                | FITC                                                                                                                                           |
| Clonality                  | Polyclonal                                                                                                                                     |
| Concentration              | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                       |
| Sensitivity                | Pre-adsorbed with Human &lambda; light chains, mouse immunoglobulins and pooled sera. May react with &lambda; light chains from other species. |
| Buffer                     | PBS, 0.09% sodium azide.                                                                                                                       |

|                   |                                                                                                                                                                  |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form              | Liquid                                                                                                                                                           |
| Target            | IgG (kappa light chain)                                                                                                                                          |
| Application Notes | FCM: 1 µg/10 <sup>6</sup> cells. ELISA: 1:100-1:400. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
