## Product Datasheet

### Mouse Anti-Human IgG (Fc) antibody [H2] (PE), IgG2b, Monoclonal GTX04177-08

|                            |                                                                                                      |
|----------------------------|------------------------------------------------------------------------------------------------------|
| Article Name               | Mouse Anti-Human IgG (Fc) antibody [H2] (PE), IgG2b, Monoclonal                                      |
| Biozol Catalog Number      | GTX04177-08                                                                                          |
| Supplier Catalog Number    | GTX04177-08                                                                                          |
| Alternative Catalog Number | GTX04177-08-100                                                                                      |
| Manufacturer               | GeneTex                                                                                              |
| Host                       | Mouse                                                                                                |
| Category                   | Antikörper                                                                                           |
| Application                | ELISA, ELISpot, FC, Multiplex Assay, WB                                                              |
| Species Reactivity         | Human, Monkey, Primate                                                                               |
| Conjugation                | PE                                                                                                   |
| Clonality                  | Monoclonal                                                                                           |
| Concentration              | 0.1 mg/ml (Please refer to the vial label for the specific concentration.)                           |
| Isotype                    | IgG2b                                                                                                |
| Sensitivity                | Reacts with Human/Rhesus/Cynomolgus/Chimpanzee/African Green Monkey/Mangabey/Pigtail Macaque IgG Fc. |
| Buffer                     | PBS, a stabilizer, 0.09% sodium azide.                                                               |
| Form                       | Liquid                                                                                               |
| Target                     | IgG Fc                                                                                               |

|                   |                                                                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes | FCM: 0.1 µg/10 <sup>6</sup> cells. ELISA: 1 µg/mL. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
