| Article Name               | Goat Anti-Mouse IgM (Mu chain) antibody, pre-adsorbed (Biotin), Polyclonal                                                     |
| Biozol Catalog Number      | GTX04192-02                                                                                                                    |
| Supplier Catalog Number    | GTX04192-02                                                                                                                    |
| Alternative Catalog Number | GTX04192-02-1                                                                                                                  |
| Manufacturer               | GeneTex                                                                                                                        |
| Host                       | Goat                                                                                                                           |
| Category                   | Antikörper                                                                                                                     |
| Application                | Activation, ELISA, ELISpot, EM, FC, ICC, IHC-Fr, IHC-P, IP, Purification, WB                                                   |
| Species Reactivity         | Mouse                                                                                                                          |
| Immunogen                  | Pooled antisera from goats hyperimmunized with mouse IgM                                                                       |
| Conjugation                | Biotin                                                                                                                         |
| Clonality                  | Polyclonal                                                                                                                     |
| Concentration              | 0.5 mg/ml (Please refer to the vial label for the specific concentration.)                                                     |
| Sensitivity                | Pre-adsorbed with Mouse IgG and IgA, human immunoglobulins and pooled sera. May react with immunoglobulins from other species. |
| Buffer                     | PBS, 0.09% sodium azide.                                                                                                       |

|                   |                                                                                                                                                        |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form              | Liquid                                                                                                                                                 |
| Target            | IgM (mu chain)                                                                                                                                         |
| Application Notes | FCM: 1 µg/106cells. ELISA: 1:5000-1:20000. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
