| Article Name               | ELISA Kit for Alkaline Phosphatase (ALP)                                                             |
| Biozol Catalog Number      | USC-SEB472BO                                                                                         |
| Supplier Catalog Number    | SEB472Bo                                                                                             |
| Alternative Catalog Number | USC-SEB472BO-48, USC-SEB472BO-96                                                                     |
| Manufacturer               | Cloud-Clone                                                                                          |
| Category                   | Kits/Assays                                                                                          |
| Species Reactivity         | Bovine                                                                                               |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                  |
| Range                      | 3.12-200ng/ml                                                                                        |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 1.23ng/mL.                            |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids |
| Application Notes          | Enzyme-linked immunosorbent assay for Antigen Detection.                                             |
