## Product Datasheet

### ELISA Kit for Dystrobrevin Beta (DTNb) USC-SEF385HU

|                            |                                                                           |
|----------------------------|---------------------------------------------------------------------------|
| Article Name               | ELISA Kit for Dystrobrevin Beta (DTNb)                                    |
| Biozol Catalog Number      | USC-SEF385HU                                                              |
| Supplier Catalog Number    | SEF385Hu                                                                  |
| Alternative Catalog Number | USC-SEF385HU-48, USC-SEF385HU-96                                          |
| Manufacturer               | Cloud-Clone                                                               |
| Category                   | Kits/Assays                                                               |
| Species Reactivity         | Human                                                                     |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                       |
| Range                      | 0.156-10ng/mL                                                             |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.053ng/mL |
| UniProt                    | <a href="#">O60941</a>                                                    |
| Samples                    | Tissue homogenates and other biological fluids.                           |
| Application Notes          | Enzyme-linked immunosorbent assay for Antigen Detection.                  |
