## Product Datasheet

### **Peptidylprolyl isomerase B Recombinant Antibody Kit (KD-Validated), Unconjugated, Rabbit BSS-BSM-90002R**

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| Article Name               | Peptidylprolyl isomerase B Recombinant Antibody Kit (KD-Validated), Unconjugated, Rabbit |
| Biozol Catalog Number      | BSS-BSM-90002R                                                                           |
| Supplier Catalog Number    | bsm-90002R                                                                               |
| Alternative Catalog Number | BSS-BSM-90002R-50                                                                        |
| Manufacturer               | Bioss                                                                                    |
| Host                       | Rabbit                                                                                   |
| Category                   | Antikörper                                                                               |
| Application                | FC, WB                                                                                   |
| Species Reactivity         | Human, Mouse, Rat                                                                        |
| Conjugation                | Unconjugated                                                                             |
| Product Description        | Cell Line: HeLa Knockdown technology: shRNA Knockdown...                                 |
| Clonality                  | Recombinant                                                                              |
| Concentration              | Lot dependent                                                                            |
| NCBI                       | <a href="#">5479</a>                                                                     |
| UniProt                    | <a href="#">P23284</a>                                                                   |
| Buffer                     | 0.01M TBS (pH 7.4), 1% BSA, 0.02% Proclin 300, and 50% Glycerol                          |
| Source                     | A synthesized peptide derived from human Cyclophilin B                                   |

|                    |                                           |
|--------------------|-------------------------------------------|
| Target             | Peptidylprolyl Isomerase B                |
| Application Dilute | WB(1:300-5000), FCM(1:20-100), IC(1:1000) |
