## Product Datasheet

### Calreticulin Recombinant Antibody Kit (KD-Validated), Unconjugated, Rabbit BSS-BSM-90012R

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Article Name               | Calreticulin Recombinant Antibody Kit (KD-Validated), Unconjugated, Rabbit |
| Biozol Catalog Number      | BSS-BSM-90012R                                                             |
| Supplier Catalog Number    | bsm-90012R                                                                 |
| Alternative Catalog Number | BSS-BSM-90012R-50                                                          |
| Manufacturer               | Bioss                                                                      |
| Host                       | Rabbit                                                                     |
| Category                   | Antikörper                                                                 |
| Application                | FC, WB                                                                     |
| Species Reactivity         | Human, Mouse, Rat                                                          |
| Conjugation                | Unconjugated                                                               |
| Product Description        | Cell Line: HeLa Knockdown technology: shRNA Knockdown...                   |
| Clonality                  | Recombinant                                                                |
| Concentration              | Lot dependent                                                              |
| NCBI                       | <a href="#">811</a>                                                        |
| UniProt                    | <a href="#">P27797</a>                                                     |
| Buffer                     | 0.01M TBS (pH 7.4), 1% BSA, 0.02% Proclin 300, and 50% Glycerol            |
| Source                     | A synthesized peptide derived from human calreticulin                      |

|                    |                                           |
|--------------------|-------------------------------------------|
| Target             | Calreticulin                              |
| Application Dilute | WB(1:300-5000), FCM(1:20-100), IC(1:1000) |
