### Donkey Antiserum anti-Sheep IgG (H+L)-unconj., MinX none DNA-SEC-182467

|                            |                                                            |
|----------------------------|------------------------------------------------------------|
| Article Name               | Donkey Antiserum anti-Sheep IgG (H+L)-unconj., MinX none   |
| Biozol Catalog Number      | DNA-SEC-182467                                             |
| Supplier Catalog Number    | SEC-182467                                                 |
| Alternative Catalog Number | DNA-SEC-182467                                             |
| Manufacturer               | dianova                                                    |
| Host                       | Donkey                                                     |
| Category                   | Antikörper                                                 |
| Application                | ELISA,IHC,WB                                               |
| Species Reactivity         | Sheep                                                      |
| Immunogen                  | Sheep IgG whole molecule                                   |
| Conjugation                | Unconjugated                                               |
| Format                     | Antiserum                                                  |
| Target Specificity         | IgG (H+L)                                                  |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                        |
| Clonality                  | Polyclonal                                                 |
| Concentration              | 90 mg/mL                                                   |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                    |                                                                                                                                                                                                                     |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Purity             | This product was prepared from monospecific antiserum by a delipidation and defibrination. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-donkey serum, Sheep IgG and Sheep Serum. |
| Form               | Lyophilized                                                                                                                                                                                                         |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                  |
| Application Dilute | ELISA Dilution: 1:20,000 - 1:100,000, Immunohistochemistry Dilution: 1:1,000 - 1:5,000, Western Blot Dilution: 1:2,000 - 1:10,000                                                                                   |
| Application Notes  | Anti-Sheep IgG antibody is suitable for use in ELISA, immunohistochemistry, and western blot. Specific conditions for reactivity should be optimized by the end user.                                               |
