| Manufacturer               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IHC-P                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant full-length human protein was used as the immunogen for the recombinant Mucin 5AC antibody.                                                                                                                                                       |
| Product Description        | Mucins are a group of high molecular weight glycoproteins consisting of a mucin core protein and O-linked carbohydrates. Mucin 5AC is a gel-forming mucin that is secreted from surface mucous cells. Glucocorticoid is required for the expression of Muc... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [MUC5AC/7066R]                                                                                                                                                                                                                                                |
| UniProt                    | <a href="#">P98088</a>                                                                                                                                                                                                                                        |
| Purity                     | Protein A/G affinity                                                                                                                                                                                                                                          |

|                    |                                                                                                |
|--------------------|------------------------------------------------------------------------------------------------|
| Form               | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                 |
| Antibody Type      | Primary Antibody                                                                               |
| Application Dilute | Immunohistochemistry (FFPE): 1-2ug/ml                                                          |
| Application Notes  | Optimal dilution of the recombinant Mucin 5AC antibody should be determined by the researcher. |
