| Category                   | Antikörper                                                                                                                                                                                                                                            |
| Application                | ICC, IHC                                                                                                                                                                                                                                              |
| Species Reactivity         | Fish, Human, Mouse, Rat                                                                                                                                                                                                                               |
| Immunogen                  | Synthetic peptide amino acids 521-532 (CEDDYNYYYTRS) of human VACHT (accession number Q16572)                                                                                                                                                         |
| Conjugation                | FL490                                                                                                                                                                                                                                                 |
| Product Description        | Our Anti-VACHT mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N6/38. It detects electric ray, human, mouse and rat VACHT, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                            |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                             |
| Clone Designation          | [N6/38]                                                                                                                                                                                                                                               |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 55 kDa                                       |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">Q16572</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | VACHT                                        |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
