| Species Reactivity         | Human, Mouse, Rabbit, Rat                                                                                                                                                                                                                                     |
| Immunogen                  | Fusion protein amino acids 1-852 of rat Chapsyn-110 (accession number Q63622) produced recombinantly in E. Coli                                                                                                                                               |
| Conjugation                | FL650                                                                                                                                                                                                                                                         |
| Product Description        | Our Anti-Chapsyn-110/PSD-93 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N18/30. It is KO validated, detects human, mouse, rabbit, and rat Chapsyn-110/PSD-93, and is purified by Protein A chromatography. I... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                                     |
| Clone Designation          | [N18/30]                                                                                                                                                                                                                                                      |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 110 kDa                                      |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">Q63622</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | Chapsyn-110/PSD-93                           |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
