| Category                   | Antikörper                                                                                                                                                                                                                     |
| Application                | ELISA, ICC, IHC, WB                                                                                                                                                                                                            |
| Species Reactivity         | Human                                                                                                                                                                                                                          |
| Immunogen                  | Purified human spleen ferritin                                                                                                                                                                                                 |
| Conjugation                | Unconjugated                                                                                                                                                                                                                   |
| Product Description        | Our Anti-Ferritin rabbit polyclonal primary antibody from Antibodies Incorporated is produced in-house. It detects human Ferritin, and is purified by Protein A chromatography. It is great for use in IHC, ICC, WB, ELISA.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                     |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                        |
| Molecular Weight           | 19 kDa (light chain) and 21 kDa (heavy chain)                                                                                                                                                                                  |
| UniProt                    | <a href="#">P02792</a>                                                                                                                                                                                                         |

|                    |                                                                                    |
|--------------------|------------------------------------------------------------------------------------|
| Buffer             | 1X PBS, 0.05% Sodium Azide pH 7.4                                                  |
| Target             | Ferritin                                                                           |
| Antibody Type      | Primary Antibody                                                                   |
| Application Dilute | Dilution Range: WB: 1:1000. Dilution Range: IHC: 1:100. Dilution Range: ICC: 1:100 |
| Application Notes  | Format: Purified by Protein A Chromatography                                       |
