| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the N terminal region of human NMUR2                                                                                                                                                                    |
| Product Description        | NMUR2 encodes for one of two G-protein-coupled receptors for the neuropeptide, neuromedin U. This peptide is found in highest levels in the gut and genitourinary system where it potently contracts smooth muscle but is also expressed in the spinal cor... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 46kDa                                                                                                                                                                                                                                                         |
| NCBI                       | <a href="#">56923</a>                                                                                                                                                                                                                                         |
| UniProt                    | <a href="#">Q9GZQ4</a>                                                                                                                                                                                                                                        |

|      |                                                                                                   |
|------|---------------------------------------------------------------------------------------------------|
| Form | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
