| Manufacturer               | Aviva                                                                                                                                                                                                                                                         |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | WB                                                                                                                                                                                                                                                            |
| Species Reactivity         | Bovine, Canine, Equine, Goat, Guinea pig, Human, Mouse, Rabbit, Rat, Sheep, Zebrafish                                                                                                                                                                         |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the middle region of human ETS2                                                                                                                                                                         |
| Product Description        | ETS2 contains an ETS DNA-binding domain and belongs to the ETS family. ETS2 is a target of protein kinase C and upregulates GM-CSF. Ets2 and its targets play essential roles in endothelial cell function. Coexpression of Ets-2 and SRC-1 significantly ... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 53kDa                                                                                                                                                                                                                                                         |
| NCBI                       | <a href="#">2114</a>                                                                                                                                                                                                                                          |

|         |                                                                                                   |
