| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | ChIP, IHC, WB                                                                                                                                                                                                                                                 |
| Species Reactivity         | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Porcine, Rabbit, Rat                                                                                                                                                                                        |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the C-terminal region of Mouse Hdac6                                                                                                                                                                    |
| Product Description        | Hdac6 is responsible for the deacetylation of lysine residues on the N-terminal part of the core histones (H2A, H2B, H3 and H4). Histone deacetylation gives a tag for epigenetic repression and plays an important role in transcriptional regulation, ce... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 126kDa                                                                                                                                                                                                                                                        |
