| Alternative Catalog Number | ASB-ARP39743_P050-25UL,ASB-ARP39743_P050-100UL                                                    |
| Manufacturer               | Aviva                                                                                             |
| Host                       | Rabbit                                                                                            |
| Category                   | Proteine/Peptide                                                                                  |
| Application                | IHC, WB                                                                                           |
| Species Reactivity         | Human                                                                                             |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the middle region of human CPXCR1           |
| Product Description        | The function remains unknown....                                                                  |
| Clonality                  | Polyclonal                                                                                        |
| Concentration              | 0.5 mg/ml                                                                                         |
| Molecular Weight           | 35kDa                                                                                             |
| NCBI                       | <a href="#">53336</a>                                                                             |
| UniProt                    | <a href="#">Q8N123</a>                                                                            |
| Form                       | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
