| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | IHC, WB                                                                                                                                                                                                                                                       |
| Species Reactivity         | Bovine, Human, Porcine                                                                                                                                                                                                                                        |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the N terminal region of human SLC22A3                                                                                                                                                                  |
| Product Description        | Polyspecific organic cation transporters in the liver, kidney, intestine, and other organs are critical for elimination of many endogenous small organic cations as well as a wide array of drugs and environmental toxins. SLC22A3 contains twelve putati... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 48 kDa                                                                                                                                                                                                                                                        |
| NCBI                       | <a href="#">6581</a>                                                                                                                                                                                                                                          |
| UniProt                    | <a href="#">O75751</a>                                                                                                                                                                                                                                        |

|      |                                                                                                   |
|------|---------------------------------------------------------------------------------------------------|
| Form | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
