| Manufacturer               | Aviva                                                                                                                                                                                                                                                         |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | IHC, WB                                                                                                                                                                                                                                                       |
| Species Reactivity         | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Porcine, Rabbit, Rat, Zebrafish                                                                                                                                                                             |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the middle region of human ARRB2                                                                                                                                                                        |
| Product Description        | Members of arrestin/beta-arrestin protein family are thought to participate in agonist-mediated desensitization of G-protein-coupled receptors and cause specific dampening of cellular responses to stimuli such as hormones, neurotransmitters, or senso... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molecular Weight           | 46kDa                                                                                                                                                                                                                                                         |
| NCBI                       | <a href="#">409</a>                                                                                                                                                                                                                                           |

|         |                                                                                                   |
