| Alternative Catalog Number | ASB-ARP54766_P050-25UL,ASB-ARP54766_P050-100UL                                                                                                                                      |
| Manufacturer               | Aviva                                                                                                                                                                               |
| Host                       | Rabbit                                                                                                                                                                              |
| Category                   | Proteine/Peptide                                                                                                                                                                    |
| Application                | IHC, WB                                                                                                                                                                             |
| Species Reactivity         | Bovine, Canine, Equine, Human, Mouse, Porcine, Rabbit, Rat, Zebrafish                                                                                                               |
| Immunogen                  | The immunogen is a synthetic peptide directed towards the N terminal region of human HINT1                                                                                          |
| Product Description        | HINT1 hydrolyzes adenosine 5-monophosphoramidate substrates such as AMP-morpholidate, AMP-N-alanine methyl ester, AMP-alpha-acetyl lysine methyl ester and AMP-NH <sub>2</sub> .... |
| Clonality                  | Polyclonal                                                                                                                                                                          |
| Concentration              | 0.5 mg/ml                                                                                                                                                                           |
| Molecular Weight           | 14kDa                                                                                                                                                                               |
| NCBI                       | <a href="#">3094</a>                                                                                                                                                                |
| UniProt                    | <a href="#">P49773</a>                                                                                                                                                              |

|      |                                                                                                   |
|------|---------------------------------------------------------------------------------------------------|
| Form | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
