Product Datasheet

Human Transient receptor potential cation channel subfamily A member 1 (TRPA1) ELISA Kit ASC-KTE60133

Article Name	Human Transient receptor potential cation channel subfamily A member 1 (TRPA1) ELISA Kit
Biozol Catalog Number	ASC-KTE60133
Supplier Catalog Number	KTE60133
Alternative Catalog Number	ASC-KTE60133-48, ASC-KTE60133-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Transient receptor potential cation channel subfamily A member 1 (TRPA1) ELISA Kit employs a two-site sandwich ELISA to quantitate TRPA1....
Range	Please inquire
Sensitivity	Please inquire
Tag	TRPA1
NCBI	8989
UniProt	O75762
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Transient receptor potential cation channel subfamily A member 1 (TRPA1) ELISA Kit employs a two-site sandwich ELISA to quantitate TRPA1 in samples. An antibody specific for TRPA1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TRPA1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TRPA1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TRPA1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
