Product Datasheet

Human RE1-silencing transcription factor (REST) ELISA Kit ASC-KTE60805

Article Name	Human RE1-silencing transcription factor (REST) ELISA Kit
Biozol Catalog Number	ASC-KTE60805
Supplier Catalog Number	KTE60805
Alternative Catalog Number	ASC-KTE60805-48, ASC-KTE60805-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human RE1-silencing transcription factor (REST) ELISA Kit employs a two-site sandwich ELISA to quantitate REST....
Range	Please inquire
Sensitivity	Please inquire
Tag	REST
NCBI	5978
UniProt	Q13127
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes	This Human RE1-silencing transcription factor (REST) ELISA Kit employs a two-site sandwich ELISA to quantitate REST in samples. An antibody specific for REST has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any REST present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for REST is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of REST bound in the initial step. The color development is stopped and the intensity of the color is measured.
