Product Datasheet

Human Poly (A)-specific ribonuclease PARN (PARN) ELISA Kit ASC-KTE61303

Article Name	Human Poly (A)-specific ribonuclease PARN (PARN) ELISA Kit
Biozol Catalog Number	ASC-KTE61303
Supplier Catalog Number	KTE61303
Alternative Catalog Number	ASC-KTE61303-48, ASC-KTE61303-96
Manufacturer	Abbkine Scientific
Category	Kits/Assays
Application	ELISA
Species Reactivity	Human
Product Description	This Human Poly (A)-specific ribonuclease PARN (PARN) ELISA Kit employs a two-site sandwich ELISA to quantitate PARN....
Range	Please inquire
Sensitivity	Please inquire
Tag	PARN
NCBI	5073
UniProt	O95453
Samples	Cell culture supernatantsSerumPlasmaOther biological fluids

Application Notes

This Human Poly (A)-specific ribonuclease PARN (PARN) ELISA Kit employs a two-site sandwich ELISA to quantitate PARN in samples. An antibody specific for PARN has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and anyPARN present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PARN is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PARN bound in the initial step. The color development is stopped and the intensity of the color is measured.
