| Article Name               | MnTBAP, CAS [[55266-18-7]]                                                                             |
| Biozol Catalog Number      | FBM-10-1386                                                                                            |
| Supplier Catalog Number    | 10-1386                                                                                                |
| Alternative Catalog Number | FBM-10-1386-10MG,FBM-10-1386-50MG                                                                      |
| Manufacturer               | Focus Biomolecules                                                                                     |
| Category                   | Biochemikalien                                                                                         |
| Product Description        | SOD mimetic...                                                                                         |
| Molecular Weight           | 879.17                                                                                                 |
| Purity                     | 98% by TLC, NMR (Conforms)                                                                             |
| Form                       | Black solid                                                                                            |
| CAS Number                 | [55266-18-7]                                                                                           |
| Formula                    | C <sub>48</sub> H <sub>28</sub> MnN <sub>4</sub> O <sub>8</sub> Cl                                     |
| Application Notes          | Superoxide dismutase (SOD) mimetic. Potent peroxynitrite scavenger but does not scavenge nitric oxide. |
