| Product Description        | This Human Protease, Serine 3 (PRSS3) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 78.1-5000pg/mL                                                                                                                                                                                                                                       |
| Sensitivity                | 26.9pg/mL                                                                                                                                                                                                                                            |
| Samples                    | serum, plasma, tissue homogenates and other biological fluids                                                                                                                                                                                        |
| Target                     | Human Protease, Serine 3 (PRSS3)                                                                                                                                                                                                                     |
| Application Notes          | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                 |
