| Category                   | Kits/Assays                                                                                                                                                                                                                         |
| Application                | ELISA                                                                                                                                                                                                                               |
| Species Reactivity         | Human                                                                                                                                                                                                                               |
| Product Description        | This Human RAD23 Homolog B (RAD23B) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Range                      | 0.156-10ng/mL                                                                                                                                                                                                                       |
| Sensitivity                | 0.052ng/mL                                                                                                                                                                                                                          |
| Samples                    | tissue homogenates and other biological fluids                                                                                                                                                                                      |
| Target                     | Human RAD23 Homolog B (RAD23B)                                                                                                                                                                                                      |
| Application Notes          | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                |
