| Category                   | Kits/Assays                                                                                                                                                                                                                                                   |
| Application                | ELISA                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Product Description        | This Human Triggering Receptor Expressed On Myeloid Cells 1 (TREM1) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and ot... |
| Range                      | 15.625-1000pg/mL                                                                                                                                                                                                                                              |
| Sensitivity                | 5.6pg/mL                                                                                                                                                                                                                                                      |
| Samples                    | serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological fluids                                                                                                                                                        |
| Target                     | Human Triggering Receptor Expressed On Myeloid Cells 1 (TREM1)                                                                                                                                                                                                |
| Application Notes          | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                                        |
