| Category                   | Kits/Assays                                                                                                                                                                                                                               |
| Application                | ELISA                                                                                                                                                                                                                                     |
| Species Reactivity         | Mouse                                                                                                                                                                                                                                     |
| Product Description        | This Mouse Thyrotropin Releasing Hormone (TRH) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Range                      | 7.812-500pg/mL                                                                                                                                                                                                                            |
| Sensitivity                | 2.77pg/mL                                                                                                                                                                                                                                 |
| Samples                    | serum, plasma and other biological fluids                                                                                                                                                                                                 |
| Target                     | Mouse Thyrotropin Releasing Hormone (TRH)                                                                                                                                                                                                 |
| Application Notes          | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                    |
