| Manufacturer               | Antibodies Incorporated                                                                                                                                                                                            |
| Host                       | Gallus                                                                                                                                                                                                             |
| Category                   | Antikörper                                                                                                                                                                                                         |
| Application                | ELISA, ICC, IHC, WB                                                                                                                                                                                                |
| Immunogen                  | Fusion protein amino acids 1-238 (full-length) of jellyfish green fluorescent protein (accession number P42212) produced recombinantly in E. Coli                                                                  |
| Conjugation                | Unconjugated                                                                                                                                                                                                       |
| Product Description        | Our chicken Anti-GFP recombinant monoclonal antibody is a chimeric antibody derived from NeuroMab clone N86/38. It detects GFP and is purified by affinity chromatography. It works in WB, IHC, ICC, IP, ELISA.... |
| Clonality                  | Recombinant                                                                                                                                                                                                        |
| Concentration              | 1 mg/mL                                                                                                                                                                                                            |
| Clone Designation          | [N86/38]                                                                                                                                                                                                           |

|                    |                                                                                                         |
|--------------------|---------------------------------------------------------------------------------------------------------|
| Molecular Weight   | 27 kDa                                                                                                  |
| UniProt            | <a href="#">P42212</a>                                                                                  |
| Buffer             | 1                                                                                                       |
| Target             | GFP                                                                                                     |
| Antibody Type      | Primary Antibody                                                                                        |
| Application Dilute | Dilution Range: WB: 1:1000-1:3000. Dilution Range: IHC: 1:500-1:1000. Dilution Range: ICC: 1:500-1:1000 |
| Application Notes  | Format: Purified by affinity chromatography                                                             |
