| Alternative Catalog Number | USB-015112-1                                                                                                                                                                                                             |
| Manufacturer               | US Biological                                                                                                                                                                                                            |
| Category                   | Molekularbiologie                                                                                                                                                                                                        |
| Product Description        | Used in the synthesis of new hydrolyzable polyurethanes from l-gulonic acid-derived diols and diisocyanates. Form: White to Off-White Solid Melting Point: 231-238C (dec.) Solubility: Dichloromethane, Ethyl Acetate... |
| Molecular Weight           | 218.2                                                                                                                                                                                                                    |
| Form                       | White to Off-White Solid                                                                                                                                                                                                 |
| CAS Number                 | [94840-08-1]                                                                                                                                                                                                             |
