| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Category                   | Molekularbiologie                                                                                                                                                                                                                                             |
| Application                | ELISA, WB                                                                                                                                                                                                                                                     |
| Product Description        | A 19aa synthetic peptide within the 4th putative cytoplasmic domain of Human PiT-2/GLVR-2. Inorganic phosphate (Pi) levels are hormonally regulated that affects the physiological activity of bone, kidney, and small intestine. Majority of the Pi is ab... |
| Purity                     | Chromatographically purified                                                                                                                                                                                                                                  |
| Form                       | Supplied as a liquid in PBS, pH 7.2                                                                                                                                                                                                                           |
