## Product Datasheet

**Thyroxine (T4) (MaxLight 490), IgG1, Clone: [8.F.275], Mouse, Monoclonal  
USB-T5460-ML490**

|                            |                                                                                                                                                                                                                                                               |

| Immunogen                  | L-Thyroxine-BSA                                                                                                                                                                                                                                               |
| Product Description        | MaxLight(TM) 490 is a new Blue-Green photostable dye conjugate comparable to DyLight(TM)488, Alexa Fluor(TM)488 and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (491nm), Emission (515nm), Extinction Co... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [8.F.275]                                                                                                                                                                                                                                                     |
| Isotype                    | IgG1                                                                                                                                                                                                                                                          |
| Purity                     | Purified by DEAE chromatography.                                                                                                                                                                                                                              |
| Form                       | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)490.                                                                                                                                                                     |
