| Manufacturer               | US Biological                                                                                                                                                                                                                                                       |
| Host                       | Mouse                                                                                                                                                                                                                                                               |
| Category                   | Antikörper                                                                                                                                                                                                                                                          |
| Application                | IHC, WB                                                                                                                                                                                                                                                             |
| Immunogen                  | An 11 mer-peptide derived from the sequence of human TIMP-2. Amino acid sequence: DSGNDIYGNPI.                                                                                                                                                                      |
| Product Description        | Applications: Suitable for use in Western Blot and Immunohistochemistry. Other applications not tested.<br>Recommended Dilution: Immunohistochemistry: formalin-fixed/paraffin Optimal dilutions to be determined by the researcher.<br>Storage and Stability: M... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                          |
| Clone Designation          | [3A3]                                                                                                                                                                                                                                                               |
| Isotype                    | IgG1                                                                                                                                                                                                                                                                |

|        |                                           |
|--------|-------------------------------------------|
| Purity | Supernatant                               |
| Form   | Supplied as a liquid, 0.05% sodium azide. |
