| Alternative Catalog Number | USB-T8050-74-100                                                                                                                                                                                                                                              |
| Manufacturer               | US Biological                                                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FC, IHC                                                                                                                                                                                                                                                       |
| Immunogen                  | Synthetic peptide corresponding to a portion of aa650-700 of human TLR7 (KLH).                                                                                                                                                                                |
| Product Description        | The Toll-like receptor (TLR) family in mammal comprises a family of transmembrane proteins characterized by multiple copies of leucine rich repeats in the extracellular domain and IL-1 receptor motif in the cytoplasmic domain. Like its counterparts i... |
| UniProt                    | <a href="#">Q9NYK1</a>                                                                                                                                                                                                                                        |
| Purity                     | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |
| Form                       | Supplied as a liquid in PBS, 0.2% gelatin, 0.05% sodium azide.                                                                                                                                                                                                |
